Viewing/Editing a Part Type

💾 Wed, Jan 17, 2024 🛛 🖿 Part Types

It may at some point be necessary to view or edit the details of a Part Type. This can be done by clicking the "Part Type List" button.

1. Upon clicking the "Part Type List" button, the Part Type List is shown. This contains all the Part Types entered in the system for all Clients. Either double-click or highlight an item and click "Next" to open a Part Type.
