

View Asbestos at Building

📅 Wed, Jan 17, 2024 📁 [Building Sub Menus](#)

Creating an Asbestos Register per Building enables easy reference to this data. The Asbestos Register is displayed to all Resources as part of the start Work Order permit process to give full visibility before any work commences. See the [Asbestos Records](#) module for more information.

1. Clicking "View Asbestos" at a Building will show the User a list of all Asbestos Records which have been created for the Building.

Asbestos at Meadow Park										
Building	Building Number	Block	Level	Area	Location	Location Extra	Material Desc...	Approx. Amoun...	Reference	Status
