

# Building Documents

📅 Wed, Jan 17, 2024    📁 [Building Sub Menus](#)

Building documents is where it's possible to upload documents to the selected Building. These could be things such as Building certificates, risk assessments, floor plans, images etc. The documents are all held in one place against the Building and can be accessed as and when required as long as the User has been granted access to do so. For more information on uploading documents, see the [Add/Edit/View Documents](#) page.
